ROBOTS FOR EVERYONE

Robots in the Fox Box! - Ixcellent!

The future is now - and there are as many robots as there are people! And these robots all have Emotion Processing Units (EPU), that grant them all sorts of amazing personalities—just like real people!

The wicked Dr. K and his evil robots are after Solex, the most powerful energy source in the universe. First help Cubix identify which robots are in league with Dr. K.

With the ability to transform into dozens of different vehicles, objects and shapes Cubix is the most incredible robot of them all! Cubix uses his powers to battle evil no matter what shape it takes... robot, alien, or human!

Read the descriptions of the robots very carefully. Using clues from the description, match each robot with its correct name. Write the robot name next to its description.

KOLOSSAL™
CEREBRIX™

LECTRIX™

MAXIMIX™

This robot wants to pump you up! This fitness robot will work your muscles to the max!

You'll get a charge out of this guy— but only if you're a robot in need of having your battery's boosted. He's got an electrifying personality!

Now unscramble the underlined letters to figure out what Cubix needs to transform into in order to reach Solex first and stop Dr. K! Here's a hint - it's a type of a plane!
